

Support to help you achieve your flu vaccination goals

CSL Seqirus understands the complexities of managing flu vaccinations. Through **flu360**, CSL Seqirus provides year-round **clinical, financial, and operational** support to help with the planning, execution, and evaluation of your flu vaccination campaign.

We're committed to supporting your flu vaccination goals, from planning to campaign activation.

INNOVATIVE VACCINE TECHNOLOGY

Cell culture and adjuvant technologies that help address the unmet medical needs in patients 6 months and older

SHIPPING VISIBILITY

Transparency and frequent communication on expected shipments to help you manage your flu vaccination campaign

BROAD MANUFACTURING CAPABILITIES

Robust network across 3 continents to reduce the risk of supply gaps

FLU CLINIC RESOURCES

A range of tools and resources to help support staff and patient education as well as implementation of vaccination clinics

FLU-FOCUSED E-COMMERCE WEBSITE

Easy and convenient access at flu360.com to help manage your flu vaccination business across multiple locations

CODING & BILLING RESOURCES

Educational resources to help staff with the accurate coding and billing of our flu vaccine portfolio to aid in the reimbursement process

EXPERTISE

Up-to-date flu vaccination recommendations and market dynamics that may impact your campaign planning

Set up and manage your account at flu360.com to access resources for your flu clinic before, during, and after flu season. It's your one-stop source for 360 degrees of flu campaign support.

Together, we've got flu covered®.
