

Tools & Resources

flu360.com provides easy access to a wealth of flu vaccination clinic resources and guidance. Whether seeking best practices for reimbursements, staff and patient education, or accurate coding and billing, customers can explore and filter resources based on their specific needs.

Our frequently accessed resources include:

- Seqirus Portfolio Coding and Billing Guide
- CDC Guidance on Vaccinations During a Pandemic and Vaccine Storage and Handling
- Flu Vaccination Clinic Resources Toolkits tailored for various needs and populations
- Telehealth Flu Vaccination Guidance
- Flashcards covering all three vaccine products ...and an expanding list of additional materials to cater to evolving needs.

The screenshot displays the flu360.com website interface. At the top left is the flu360 logo with the tagline "WE'VE GOT FLU COVERED". To its right is the CSL Seqirus logo. In the top right corner, there are icons for a shopping cart and a user profile. A left-hand navigation menu includes: My Dashboard, Orders, Invoices, Products & Resources, All Products, Tools & Resources (highlighted), AFLURIA® QUADRIVALENT, FLUAD® QUADRIVALENT, FLUCELVAX® QUADRIVALENT, Account Management, Help & FAQs, Prescribing Information, and Important Safety Information. A "Start Order" button is located at the bottom of this menu. The main content area features a dark blue header with the text "Comprehensive vaccination solutions" and a sub-header "When you need information and guidance during flu season or beyond, this is where you turn to take advantage of the latest flu360® resources." Below this is a filter section with "Filter by" and dropdowns for "Solution Suite" and "Products". The main content is a grid of six resource cards, each with a clinical image and a description:
